

# PRACTI-MANIKIT<sup>®</sup>

## Wallcur's Manikin-Safe, Simulated Practice Medication Product Line

*\*note – safe for manikins and simulators that accept liquid injections, per the manufacturers' instructions.*

Manikin companies recommend the use of distilled water when simulating medication or fluid administration to their high and low fidelity patient simulators. Protect your investment with Wallcur's Practi-Manikit line of simulated medications.

- ✓ Contain 100% DISTILLED WATER
- ✓ Are high fidelity manikin and task trainer safe\*
- ✓ Can be used in conjunction with drug recognition systems
- ✓ Increase clinical competencies through realistic simulation
- ✓ Help improve difficult to master skills
